# Are you eligible?

To qualify for a Home Upgrade Grant you must be a homeowner or private renter\* and:

- Your home **must not be heated by mains gas** and its Energy Performance Certificate (EPC) rating must be D or below and;
- Have a gross household income below £36,000 or
- Someone in the household claims a means tested benefit.

\* Unlike homeowners, private landlords must contribute towards installation costs. The funding is only available if the tenant qualifies and the landlord owns 4 or less properties.

If you live in an eligible postcode, your house only needs to be rated D and below and not heated by mains gas to qualify. The YES team can help advise.

"As you get older you really start to feel the cold, so when I first read about your scheme in the local newspaper, I really jumped at the opportunity to keep my home warm. The loft insulation really appealed to me, since installation I have noticed a big difference with the heat retention."

**Geoffrey – Northallerton.**  
Funded loft insulation and Solar PV.

## Start saving energy

If your home is not heated by mains gas you may be able to receive free energy efficiency upgrades which can lower your bills.

Our expert surveyors will assess the best ways for you to save money on your energy bills.

The full service is provided **FREE** for eligible homeowners and private renting tenants.
